"The story of a woman's life unfolded in this book is calculated to make the old feel young, and the young old. Persons who have been conversant with society and manners as they existed in the remote corners of England within the century, will feel themselves strangely recalled to the narrow konnes, the grim prejudices, the few pleasures and privileges belonging to a period of heavy taxation, costly literature, and limited intercourse, by the picture of a provincial personage and its immate here set before them. Some of those, on the other hand, who are burting into life, and brimming with creative power, may be presented in the last which were by some cold prophecy) while they follow the record of a career of self-denial and struggle, sustained to the last with our age, principle and genities but without hope.

"Strong in its Intense individuality, bold and sense among the absence of wide and tender sympathies, and of a deeply agic cast from purely intersonal causes, the life of Charlotts ironte, as portrayed in these volumes by her congenial biog piper, has not a little of the somber fisciliation which throws on a potent spell around the pages of "Jane Pyre" and Vilette." Mrs. Gaskell, as will be seen on the periosal of the femours, had before her a task of uncommon delicacy. The

SON No. 119 Nassau.st. New York, have just ready the first complete American edition of the celebrated MARRYATT. There has long been an active demand among the thousands of admires of this favorite author, for a uniform and readable edition of his popular novels; that demand is now supplied by the issue of this new and beautiful edition, the type is open and clear, paper and binding faultless; in size, matching the twe-diltions of fiving and Cooper; each work illustrated with a new steel frontispiece, and complete in one volume. We shall issue two volumes per week, beginning on SATURDAY, the Sh day of May, on which day will be ready PETER SIMPLE, AND JACOB FAITHFUL; to be followed in rapid uncession by

The whole to be completed in twelve volumes, and during the month of June.

"Captain Marryatt's sea stories are unquestionably the first in their peculiar line. While they exhibit, perbays, the most saithful potratiture of the manners and feelings of those whose business is in great waters, they are marked by a qualathess of humor, and at the same time a correctness of feeling, that makes them altogether delightful." [Dublin Univ. Magazine.

"Captain Marryatt's writings depict life at sea with the same indelity, and with far more spirit, than any of the fashionable novele portray a rout, a bail, or a breakfast, and we much prefer the subject as well as the talent of the nautical movels; a storm at sea is more animating than a crash at St. James's; we prefer a shipwreck to a run at Crockford's; the sly humor of the old suffer is more amosing than the exclusive slang of Bond street, and a fingate action calls up higher feelings and qualitet than a hostile meeting in Battersea Fields.—Captain Marryatt's graductions are happy in more senses than one the employs neither the effort nor the prolixity of Cooper; his conception of haracter is so facile and felicitous that his personages immediately became our intimate acquaintance and astonish us by their satisful resemblance to whole classes of beings similarly situated. Captain Marryatt's humor is genuine—if show naturally, and insensibly comminuicates to the reader the gayety the author eems himself animated with. [Westimater Review.]
